

End of Year SALE

SALE ENDS 15th DEC 2017

The Innovation & Technology

Ewater+: An antibacterial liquid that prevents waste particles from accumulating and staining the toilet bowl. It is automatically sprayed onto the toilet bowl after flushing. It eliminates 99.9% of bacteria and sterilizes the bidet nozzle after every use.

Tornado Flush: An integral feature of TOTO toilets. It reimagines the way a toilet flushes. Instead of a conventional flush that pours down from the rim, Tornado Flush projects three high-pressure water jets that generate a tornado-like vortex of water, forcing waste off the bowl's surface. It is quiet yet at the same time water efficient.

Rimless Design: The Rimless Design eliminates areas where dirt and bacteria tend to settle on. With less crevices than a conventional bowl, all areas of the bowl can be easily reached with minimal cleaning agents, making it friendlier to you as well as the environment.

CeFiONtect: A special glaze applied to TOTO ceramic products that makes the surface ultra-smooth even at microscopic levels so that waste particles easily slide off. This prevents the formation of ridges caused by wear and tear that will create breeding spaces for bacteria. This CeFiONtect glaze is applied before firing hence is extremely resistant and long-lasting.

Water-saving: Wellbeing with a clear conscience, the water-saving tech reduces water consumption.

Symbolising TOTO's primitive top-notch creation that never fails to surpass the norm, the Washlet surprised the world by making its first appearance starting from Japan as 1980. Since then, we never looked back; so will you once you start using it. With further improvisation and invention of more comfort functions such as self-sanitisation and deodorizer, what we see today is revolution in itself.

Auto Functions: A good bathroom provides comfort and creates a private space for distancing from everyday life. Auto functions not only provide ease of use and convenience, but also another key benefit: there's no need to touch the toilet, hence increasing the level of hygiene while reducing the frequency of manual toilet cleaning.

Package 1

BASIC+ BTW Toilet

Toilet Pan: CST761DVA1

Basic+ Close Coupled Toilet

Flush System: Tornado (4.5/3L)

Bowl Shape: D-Shape,

Rough-in: S-Trap/P-Trap (Selectable)

416W x 704D x 844H mm

- Rimless Design
- CeFiONtect
- Tornado Flush

Washlet

TCF6412AT

Bowl Shape: D-Shape

480W x 527D x 173H mm

- Fully equipped with comfortable rear, front, and oscillating, cleaning functions
- Heated seat, heated water & heated dryer functions

RRP (Inc GST)
